

Finishes

This is your guide to the finish range available on Gliderol Garage Doors.

Each door type is shown with a swatch of the colours available and the nearest colour reference from the BS or RAL colour systems (with the exception of some woodgrain finishes). These references can be used to match the door colour to other building finishes. The references are the nearest match for the finish colour - not a precise match as the surface texture and material will affect the perceived colour.

If a close match is required please request a sample swatch of your chosen colour by: calling 0191 518 0455 or emailing info@gliderol.co.uk.

GlideRol•a•Door, Black.

High grade finishes coat the steel in an attractive leather grain textured coating or high grade laminate (marked*) - both are highly durable and will simply wipe clean.

The colours shown are limited by the printing process and provide a guide to colour only.

Gliderol reserves the right to change or amend product details or specifications without prior notice as part of our continuous research and development policy.

Finishes

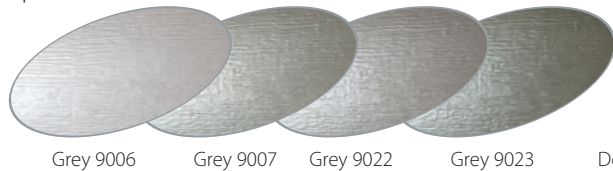

Panel-Glide doors are available in smooth or embossed woodgrain surface textures and the colours as shown below. Colours are achieved with pre-coated steel or a powder-coat paint process. * Denotes a laminate finish. The availability of finishes varies dependent on style - please see the price list for confirmation.

Stock colours

Special order Metallic Colours

RAL Colours

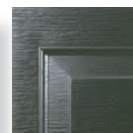

Please note due to surface textures the colour may vary slightly from the exact RAL shade.

Doors can be coated to any RAL colour.

Smooth

Embossed Woodgrain

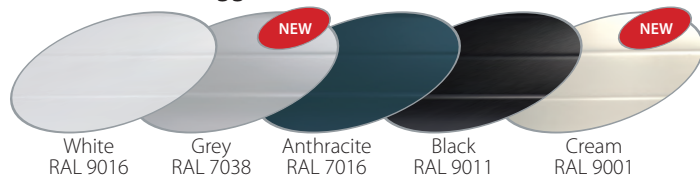

Panel-Glide Oxford, Anthracite Grey RAL 7016.

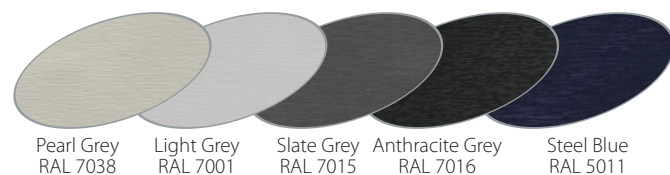

High grade finishes are powder coated onto the lath or applied as a laminate. Both are highly durable and will simply wipe clean.

Roll-a-Glide & Roll-a-Glide Manual

Painted finishes (eggshell finish):

Laminate finishes (woodgrain textured finish):

NEW Painted finishes (woodgrain eggshell):

Same price as standard painted finish.

Laminate finishes (woodgrain textured finish):

A Note Concerning Roll-a-Glide Colours:

Door guides are available in colours matching the door curtain except laminate door colours (supplied in brown). Coloured guide rails are supplied as standard, however they may not match the lath colour. The manufacturing process for the lath profile results in a textured finish, whilst all other coloured items (guides, bottom laths, lock laths, optional fascias and vision panels) are supplied in a satin finish so cannot be guaranteed to match exactly. Over time, some scuffing may occur on front and rear surfaces of doors as a result of their normal operation.
